Burnett's Giant Darwin Tulips

These wonderful tulips bloom in May after the early tulips, hyacinths and narcissi are over, and continue for from two to three weeks until the peony commences to unfold its petals. To thoroughly enjoy their great wealth of beauty, and their stateliness, as they carry their giant flowers erect on tall stems, they should be planted in masses of at least 50 of a kind in open beds, or in wide borders close to a hedge, fence, shrubbery or residence, in fact anywhere that affords a background to show off their wonderful shades. They are also extremely effective planted among the perennials in the herbaceous border in colonies of 12 or more bulbs of a kind, where they can be left undisturbed for two or three years. Plant 4 to 5 inches deep and 6 inches apart.

	Doz.	100		Doz.	100
AFTERGLOW. Deep rosy orange with salmon edges, inside deep orange with yellowish base	\$1.10	\$8.00	BARONNE de la TONNAYE. Bright rose margined blush rose, good forcer	\$0.50	\$3.50

BURNETT'S "RAINBOW MIXTURE" of Giant Darwin Tulips

All orders for this mixture, whether for a dozen, hundred, or thousand, are made up individually from choice **Named Varieties**, thereby insuring an even assortment of one dozen or more varieties and colors. It is without doubt the very best mixture obtainable.

Doz., \$0.70 100, \$5.00 1000, \$45.00

For Perennial and Greenhouse Flower Seeds, see our Midsummer Catalogue

Burnett's Old Dutch Breeder Tulips

"Known as Old Dutch Garden Tulips"

In this class of tulips there is a great combination of colors, many closely resembling each other. The varieties we offer are the cream of the collection and should be planted in conjunction with the Darwin and Cottage varieties.

BURNETT'S GRASS SEED MIXTURES

FOR HAY, MEADOWS AND PERMANENT PASTURES

OUR Permanent Pasture, Hay and Meadow Mixtures are composed of varieties of grasses best adapted for producing an abundant and nutritious food supply for stock. Our formulas are arranged with great care and the mixtures are made to suit the exact location and condition of soil, etc., for which they are needed.

Nothing but the best re-cleaned seeds are used, consequently it does not take so large a quantity per acre as that generally used when poor quality mixtures are sown.

We recommend four bushels to one acre, which may be sown either in the Spring or Fall, with an additional ten pounds of Mixed Clovers sown early in the Spring. When ordering please state whether for high, dry, medium, wet or heavy soil.

Price Bushel 15 lbs. 100 lbs.

PERMANENT HAY AND PASTURE MIXTURE. For high and dry soil.....	\$7.50	\$40.00
PERMANENT HAY AND PASTURE MIXTURE. For wet soil.....	7.50	40.00
PERMANENT HAY AND PASTURE MIXTURE. For medium soil.....	7.50	40.00
MEADOW MIXTURE. Made up specially for any soil or location.....	7.50	40.00
WOODLAND PASTURE MIXTURE. For rough ground, woodlands, etc.	7.50	40.00
TIMOTHY or HERD GRASS (<i>Phleum pratense</i>). Generally grown for hay.		
Sow $\frac{1}{2}$ bushel per acre.....	Bushel 45 lbs. 6.00	12.00

FOR SEPARATE GRASSES "SEE GENERAL SPRING CATALOGUE."

Burnett's "Special" Lawn Grass Mixture

The above mixture is made from our own formula, and composed of grasses specially adapted for the purpose of producing turf which retains its rich green color and velvety appearance throughout the entire Summer and Fall. In making up this high grade mixture we are careful to use only the very finest quality of all the most desirable dwarf evergreen, re-cleaned grasses, free from chaff and weeds, which thrive well on any soil, thus ensuring a beautiful and permanent lawn. To obtain best results Lawn Grass Seed should be sown as soon as the ground can be prepared in early Spring. It may also be sown in the Fall with good results.

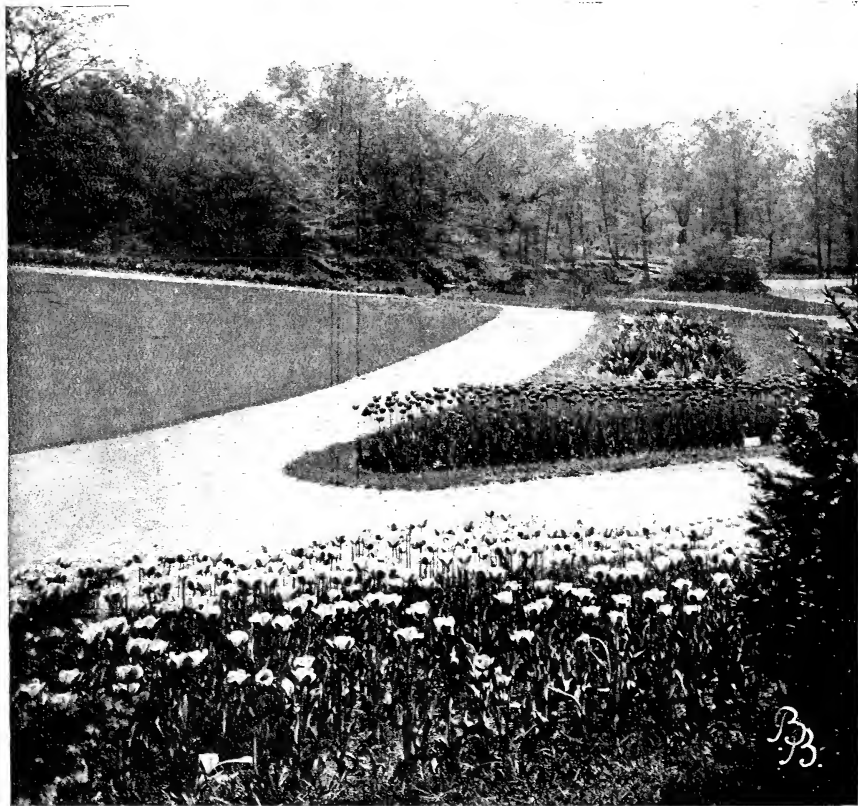

**Quantity Seed
Required**

for making New Lawns, we recommend sowing at the rate of 125 lbs. to the acre (approximately 6 bushels). Where small quantity is required, sow 1 lb. to each 400 square feet (20'x20'). For renovating old lawns, use half the quantity.

Price: 1 lb. 60c; 5 lbs. \$2.75; 20 lbs. \$10.00; 100 lbs. \$48.00

(20 lbs. of Burnett's "Special Mixture" is approximately one bushel.)
